Sex Male | Date of birth 08/12/1970 | Nationality German

WORK EXPERIENCE

08/2006 - present

Director and Founder

InterSus – Sustainability Services / Berlin, Germany

- Environmental policy consultant working for various national and international clients (including the European Commission, European Environment Agency, World Bank, OECD, WWF, UNEP, UNIDO, Environment Ministries etc.).
- Specialised in environmental policy and economics with a focus on impact assessment of policies, cost-benefit assessments, water management and economics (esp. water pricing), marine and biodiversity policy, climate change adaptation, valuation of ecosystem services and the science-policy interface.
- Assessor (e.g. German TEEB "Natural Capital and Climate Policy") and project (proposal) evaluator (e.g. European Commission Horizon Europe, ANR (National Research Agency, France) & Biodiversa+).

Business or sector Environmental economics & policy consultancy

03/2007 - 05/2011 (part-time)

Senior Consultant

seeconsult Society-Economy-Ecology-Consulting/ Osnabrück, Germany

- Moderator/mediator/trainer at various levels (from local to international), working on environmental and esp. water-related issues.
- Activities included development of participatory processes, planning and moderation of events, training and capacity development, conflict resolution, mediation, research in participatory processes.
- Internal business development of the company, project acquisition.

Business or sector Participatory planning consultancy in the field of environment

04/2000 - 07/2006

Senior Fellow

Ecologic, Institute for International and European Environmental Policy / Berlin, Germany & Brussels, Belgium

- Led more than 40 consultancy and research projects in the areas of environmental policy and research, including project administration, budget negotiations, reporting and financial auditing.
- Attracted more than 2.000.000 € funding from various sponsors, including the European Commission, UNDP, OECD and National Ministries and Agencies.
- Co-ordinated European consultancy and research consortia with up to 18 institutes.

Business or sector Non-for profit institute

06/1999 - 03/2000

Economist

German Ministry of Finance, International Department / Bonn & Berlin, Germany

- Development of German government positions concerning the reform of World Bank and International Monetary Fund (IMF) policies and the further development of the International Financial Architecture.
- Representation of the relevant German policies at the G7 and other international fora (G10, G20, OECD-WP3, UNCTAD) and preparation of economic summits.

Business or sector National Ministry

- 01/1999 - 05/1999 **Researcher**
 Max-Planck-Institute for Research in Economic Systems, Evolutionary Economics Unit / Jena, Germany

 - Research in the field of Evolutionary Economics with a focus on socio-economic modelling for environmental policy

Business or sector Research
- 05/1996 - 04/1998 **Research Assistant**
 Department for Monetary and International Economics, University of Würzburg / Würzburg, Germany

 - Contribution to various projects and publications of the department.
 - Tutor for Introductory Microeconomics.
 - Research in the field of Monetary Economics.

Business or sector Education
- 06/1994 - 05/1995 **Teaching Assistant**
 Davidson College/Davidson, NC, USA

 - Teaching Assistant in German and Modern Greek

Business or sector Education

EDUCATION AND TRAINING

- 10/1990 - 05/1997 **M.A. in Economics (Diplom-Volkswirt)**
 Julius-Maximilians-University, Germany

 - Public Law, Public Finance, Environmental Economics
- 10/1990 - 07/2000 **M.A. in Political Science (Magister Artium)**
 Julius-Maximilians-University, Germany

 - International Political Economy, Environmental Policy, International Institutions
- 06/1994 - 06/1995 **1-Year-Graduate**
 Davidson College, NC, USA

 - Davidson College

PERSONAL SKILLS

Mother tongue(s) German, Greek

Other language(s)	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C2	C2	C2	C2	C2
French	B1	A2	A1	A1	A1

Levels: A1/2: Basic user - B1/2: Independent user - C1/2 Proficient user
 Common European Framework of Reference for Languages

- Communication skills**
- Strong multicultural communication skills due to bicultural background and extensive working experience in other countries
 - Experienced presenter, trainer and moderator, with special skills in organizing professional conferences & facilitating workshops

Organisational / managerial skills

- Skilled team leader; able to direct & inspire teams of international and in-country experts from diverse backgrounds & specializations to execute complex projects.
- Experienced project manager, responsible for successful completion of more than 100 projects with budgets ranging up to € 300,000.

Job-related skills

- Eduard Interwies delivers services relevant to each step of the policy cycle with an emphasis on strategy development, evidence based policy solutions, facilitation/moderation, capacity building and evaluation and performance management. In his work, Mr. Interwies combines his strong background as an economist with multi-disciplinary policy consulting approaches in the economic, social and environmental domains.
- Water resource management and marine policy at local, national and international level are his main fields of work; he has considerable experience with WFD-economics and economics of the Marine Strategy Framework Directive (MSFD).
- He has focused on environmental cost-benefit analysis, valuation of ecosystem services, analysis of infrastructure investments, pricing and cost-recovery strategies, and project monitoring and evaluation. His experience led to several expert-level assignments as assessor (e.g. German TEEB "Natural Capital and Climate Policy") and project (proposal) evaluator (e.g. European Commission Horizon Europe, ANR (National Research Agency, France) & Biodiversa+).
- Excellent writer & author of numerous articles, reports, guidance manuals, training materials & other publications (see Annex II for partial list).

Digital competence

- Excellent command of Microsoft Office™ tools.

Driving licence

- Driving license category B.

Publications	See Annex II

ANNEXES

ANNEX I: SELECTED PROJECT EXPERIENCE

(PLEASE NOTE: PROJECTS MARKED WITH “+” HAVE BEEN CONDUCTED FOR INTERSUS)

A. Environmental policy and economics, including marine economics and biodiversity policy

+ Support to the European Commission on the follow-up of the UN 2023 Water Conference and the implementation of the upcoming Water Resilience Initiative

Client: European Commission, DG Environment

Duration: 21/3/2024 until 23/9/2025 (ongoing)

+ Provision of technical, legal, scientific, and logistical support related to the ratification and early implementation of the High Seas Treaty (BBNJ Agreement) – Single Framework Contract

Client: European Commission, European Climate, Infrastructure and Environment Executive Agency (CINEA)

Duration: 26/11/2024 until 25/11/2027 (ongoing)

+ Alternative Water Resources and Deliberation process to renew water supply strategic planning (AWARD)

Client: European Commission, DG Research

Duration: 1/1/2024 until 31/12/2026 (ongoing)

+ Building institutional capacities for an eco-system approach to management of the marine fishery in the Red Sea State of Sudan (Phase II): Analysis of the potential ecosystem services values of sustainable fisheries and of sustainable marine-related tourism

Client: UNIDO

Duration: 15/6/2024 until 9/12/2024

+ Formulation of the Global Ocean Programme on ocean governance, conservation and sustainable use

Client: European Commission, DG INTPA

Duration: 10/1/2023 until 30/11/2023

+ Assessment and evaluation of marine ecosystems and their ecosystem services of the German North and Baltic Seas

Client: German Federal Agency for Nature Protection (BfN)

Duration: 1/1/2020 until 31/12/2023

+ Baseline study for the implementation of lighthouses of Mission ‘Restore our ocean and waters by 2030 (Danube Lighthouse Area)

Client: European Commission, DG RTD and DG MARE

Duration: 1/12/2021 until 30/9/2022

+ Expert Assessment of the effectiveness of the MSFD-measures in Germany, development of a BAU ("Business As Usual")-Scenario for the North Sea

Client: Ministry for the Environment, Energy, Building and Climate Protection of Lower Saxony; German working group MSFD-socio-economics

Duration: 1/12/2020 until 31/3/2022

+ Scientific Background and Support for the 2030 EU Biodiversity Strategy and the German Presidency regarding Marine Policy

Client: German Federal Agency for Nature Protection (BfN)

Duration: 1/1/2020 until 31/5/2021

+ Estimating the Costs of Degradation of the marine environment for the German coastal waters

Client: German Federal Environment Agency (UBA)

Duration: 1/7/2019 until 30/11/2020

+ Support on ecosystem accounting - KIP INCA (Knowledge Innovation Project on Integrated System for Natural Capital and Ecosystem Services Accounting in the EU)

Client: Eurostat

Duration: 1/1/2019 until 31/12/2020

+ Economic valuation of ecosystem services in the Dniester River Basin

Client: GEF Dniester Project

Duration: 20/10/2018 until 28/2/2019

+ Preparation and organization of the international conference „Expert Meeting on Ecosystem Valuation in the Context of Natural Capital Accounting. Building Bridges between Policy, Welfare Economics and Accounting” in Bonn

Client: German Federal Agency for Nature Protection (BfN)

Duration: 1/8/2017 until 30/11/2018

+ Proposal on options for a permanent policy coordination mechanism and a sustainable financing plan for ocean governance in the Caribbean and North Brazil LMEs (CLME+ region)

Client: United Nations Organization for Project Services (UNOPS)

Duration: 1/11/2017 until 31/4/2020

+ Systematic consideration of ecosystem services economic valuation (in Transboundary River Basins and Large Marine Ecosystems) and its integration into the TDA/SAP process: methodology development, production of relevant training materials and provisions of trainings

Client: UNDP - GEF International Waters & UNIDO

Duration: 1/4/2016 until 31/12/2020

+ Supporting the implementation of the socio-economic aspects of the Marine Strategy Framework Directive (Phases I to III)

Client: European Commission, DG Environment

Duration: 1/1/2010 until 31/12/2019

+ Economic Assessment for Ballast Water Management: A Synthesis of the GEF-UNDP-IMO GloBallast Partnerships Programme Lead Partnering Countries National Assessments

Client: International Maritime Organization (IMO)

Duration: 1/11/2016 until 28/2/2017

+ Joint implementation of the Marine Strategy Framework Directive (MSFD) in Bulgaria and Romania, Phase III: Technical and administrative support for BG and RO in producing adequate and coherent 2018 MSFD reports and supporting regional and inter-regional cooperation

Client: European Commission, DG Environment

Duration: 4/4/2016 until 4/3/2017

+ Sanctions, penalties and fines issued by OSPAR and HELCOM-Contracting Parties for waste disposal offences at sea

Client: German Federal Environment Agency (UBA)

Duration: 9/11/2015 until 31/7/2016

+ Implementation of the Marine Strategy Framework Directive (MSFD) in Bulgaria: Development of Programs of Measures acc. to Article 13

Client: German Federal Environment Agency (UBA)

Duration: 1/12/2014 until 30/6/2017

+ High-level comparison between Decision 2010/477/EC (on criteria and methodological standards on good environmental status of marine waters) and the proposal for a new Decision: Cost-related considerations for Descriptors 1, 2, 6 and 10 (Biodiversity and Marine Litter)

Client: European Commission, DG Environment

Duration: 1/3/2016 until 30/4/2016

+ International Waters – Economic Valuation Specialist: Integrating Economic Valuation of Ecosystem Services into the GEF TDA/SAP Process

Client: UNDP - GEF

Duration: 10/11/2014 until 31/12/2014

+ Economic Valuation as a Tool to Bridge the Science-Policy Gap - 7th GEF Biennial International Waters Conference, October 2013, Barbados (Lead Facilitator and Convener of the pre-conference workshop on economic valuation).

Client: UNDP - GEF

Duration: 1/9/2013 until 31/10/2013

+ Costs and Benefits of reaching the Aichi Biodiversity Targets in Europe - Research in Support of the High Level Panel on Global Assessment of Resources for Implementing the Strategic Plan for Biodiversity 2011-2020.

Client: UNEP-WCMC

Duration: 1/7/2013 until 31/1/2014

+ Economic and Social Valuation of the Canary Current Large Marine Ecosystem (CCLME) Ecosystem Services

Client: Food and Agriculture Organization of the United Nations (FAO)

Duration: 1/5/2013 until 30/9/2013

+ Content support for the 2013-Workshop on the development of an OSPAR Regional Action Plan on Marine Litter

Client: German Federal Environment Agency (UBA)

Duration: 1/7/2013 until 30/11/2013

+ Preparing and organizing the "International Conference on Prevention and Management of Marine Litter in European Seas", including the development of an "Issue Paper"

Client: German Federal Environment Agency (UBA)

Duration: 1/12/2012 until 31/8/2013

- + Recreational benefits of reductions of litter in the marine environment
Client: Rijkswaterstaat Waterdienst, Dutch Ministry of Infrastructure and the Environment
Duration: 1/8/2012 until 31/12/2012
- + Assessing the Benefits of a reduction of Marine Litter in the German North Sea – Case Study
Client: German Federal Environment Agency (UBA)
Duration: 1/11/2012 until 30/8/2012
- + Methodologies regarding Economic and Social Analyses and Impact Assessments of Measures including Cost-Benefit-Analyses in the context of the Marine Strategy Framework Directive
Client: German Federal Environment Agency (UBA)
Duration: 1/11/2010 until 30/8/2012
- + Combating living resources depletion and coastal area degradation in the Guinea Current Large Marine Ecosystem through Ecosystem-based regional actions: international expert in ecosystem valuation
Client: United Nations Industrial Development Organisation (UNIDO)
Duration: 1/10/2009 until 30/9/2010
- + Evaluating ex-post the effectiveness, efficiency & effects of implementing the Structural and Cohesion Funds in the environmental field
Client: European Environment Agency (EEA)
Duration: 1/9/2007 until 29/2/2008
- Economic Analysis in the Context of Environmental Policies and of Sustainable Development
Client: European Commission, DG Environment
Duration: 1/1/2005 until 1/1/2007
- European Environmental Economic Activities (3EA)
Client: European Environment Agency (EEA)
Duration: 24/8/2004 until 24/8/2006
- Cost-Effectiveness of Environmental Policies
Client: European Environment Agency (EEA)
Duration: 5/10/2004 until 28/2/2005
- Green Investment - Status, Methods and Perspectives
Client: German Federal Environment Agency (UBA)
Duration: 10/1/1999 until 30/9/2000
- Ecotaxes in Europe: the Situation in Germany, Europe and the EU
Client: German Council for Sustainable Development (RNE)
Duration: 1/2/2002 until 30/4/2002

B. Water economics & Water Framework Directive

- + Framework Contract "Water for the Green Deal" - Implementation and development of the EU water and marine policies
Client: European Commission, DG Environment
Duration: 1/3/2021 until 28/2/2025
- + Cost-Benefit assessment of Nature-Based Solutions (NBS) for flood mitigation
Client: European Commission, DG Environment
Duration: 1/1/2023 until 31/12/2024
- + Method Convention 4.0 – Part 1: Updating and expanding the Method Convention for the assessment of environmental costs of water pollution/use and biodiversity loss
Client: German Federal Environment Agency (UBA)
Duration: 1/7/2021 until 30/6/2024
- + Method Convention 4.0 – Part 2: Updating and expanding the Method Convention for the assessment of environmental costs of nutrient pollution and agricultural activities
Client: German Federal Environment Agency (UBA)
Duration: 1/1/2022 until 30/6/2024
- + Analysis on water scarcity management in Europe
Client: World Wildlife Fund (WWF), European Policy Office
Duration: 1/3/2023 until 30/6/2023

- + "Nature for Catchment Launchramp": developing a pipeline of investable nature-based solutions projects to mitigate recurring river flooding in Cyprus and Greece"
Client: The Nature Conservancy (TNC)
Duration: 1/4/2021 until 30/6/2021
- + EU Support to Integrated Water Management (EUSIWM) in Albania: International Expert for Water Economic Analysis
Client: Austrian Development Agency (ADA), European Commission, DG NEAR
Duration: 1/6/2019 until 30/6/2022
- + Supporting the Development of the 3rd Danube River Basin Management and 2nd Danube Flood Risk Management Plan regarding Economic Aspects
Client: International Commission for the Protection of the Danube River (ICPDR)
Duration: 1/1/2019 until 31/12/2021
- + Policy Diagnosis in Wastewater treatment (UWWTD) at European and National Level (Spain)
Client: European Commission, DG Reform
Duration: 1/1/2020 until 31/10/2020
- + Framework contracts to support the European Commission with the implementation with the Water Framework Directive – Analysis of the reporting of Member States (Art. 5 economic analysis; RBMPs; implementation progress of the PoMs): Topic Lead "Water Pricing"/Art. 9 and MS lead
Client: European Commission, DG Environment
Duration: 1/5/2007 until 31/12/2020
- + Integrated Water Resources Management Kosovo (IWRM-K) - international water economics expert
Client: Swiss Agency for Development and Cooperation (SDC)
Duration: 1/1/2020 until 30/4/2020
- + Scoping the assessment of 2nd cycle RBMPs for Norway
Client: EFTA Surveillance Authority
Duration: 1/9/2019 until 31/12/2019
- + Chances and challenges of integrating systems in the water management sector (Water 4.0)
Client: German Federal Environment Agency (UBA)
Duration: 1/9/2017 until 31/10/2018
- + Compliance checking of the Water Framework Directive (2nd cycle RBMPs) and Floods Directive (1st FRMPs) Implementation
Client: European Commission, DG Environment
Duration: 1/1/2015 until 31/12/2018
- + BINGO - Bringing INnovation to onGOing water management – A better future under climate change
Client: European Commission, DG Research
Duration: 1/7/2015 until 30/9/2019
- + Rethinking Water in Central Asia - The costs of inaction and benefits of water cooperation
Client: Swiss Agency for Development and Cooperation (SDC), CAREC
Duration: 1/6/2016 until 30/11/2017
- + Support on Disproportionate Costs & Affordability Considerations in Relation to Implementation of the Water Framework Directive
Client: Irish Water
Duration: 1/10/2015 until 30/9/2017
- + Compliance checking of the Water Framework Directive implementation - Assessment of the progress on the implementation of Programmes of Measures ("In-depth Assessment")
Client: European Commission, DG Environment
Duration: 1/10/2014 until 31/12/2015
- + Supporting the development of the Economic Assessments for the 2013 Update of the Danube Basin Economic Analysis and in relation to the 2nd WFD-Danube River Basin Management and 1st Danube Flood Risk Management Plan
Client: International Commission for the Protection of the Danube River (ICPDR)
Duration: 1/1/2014 until 31/10/2015
- + Water accounting in the "Andalusian Mediterranean Basins" multi-catchment district (Spain): development of water balances (consistent with SEEAW) and their integration into the River Basin Management Plan
Client: European Commission, DG Environment
Duration: 1/1/2014 until 31/3/2015

- + Analysis of Industrial Water Use in Bangladesh – a hydro-economic study of the textile and leather industries
Client: 2030 Water Resources Group
Duration: 1/9/2014 until 31/3/2015

- + Pollution Prevention and Control in 8 international River Basins - Preparing reports on the physical, socio-economic and governance profiles of 7 international River Basins (Rhine, Danube, Hudson and Mohawk, Orange-Senqu, Meuse, Mississippi, Colorado). Part of a preparatory action programme for twinning with Chinese River Basins.
Client: Stockholm International Water Institute (SIWI)
Duration: 1/5/2013 until 31/8/2013

- + Utilizing the Ecosystem Services Approach for Water Framework Directive Implementation (ESAWADI)
Client: ERA-NET IWRM funding initiative
Duration: 1/7/2010 until 31/12/2012

- + Blueprint to Safeguard Europe's Waters – Lot 2 (Assessment of policy options for the Blueprint)
Client: European Commission, DG Environment
Duration: 1/9/2011 until 31/10/2011

- + Supporting the development of the governance structure of the forthcoming "European Innovation Platform" (EIP) on Water (part of the project "Comparative study of pressures and measures in the major river basin management plans in the EU")
Client: European Commission, DG Environment
Duration: 30/11/2011 until 30/4/2012

- + Costs & Benefits of WFD implementation (part of the project "Comparative study of pressures and measures in the major river basin management plans in the EU")
Client: European Commission, DG Environment
Duration: 30/11/2011 until 30/4/2012

- + Analysis of the administrative structures for WFD implementation in selected EU Member States (part of the project "Comparative study of pressures and measures in the major river basin management plans in the EU")
Client: European Commission, DG Environment
Duration: 30/11/2011 until 30/4/2012

- + Water Framework Directive – Further develop and apply disproportionate costs methodologies with regard to the 2nd management cycle in the UK
Client: UK Water Industry Research (UKWIR)
Duration: 1/6/2011 until 30/8/2012

- + EU – China River Basin Management Programme - Strategic Knowledge Exchange to inform Implementation of the 2011 China No.1 Document on Water Conservancy Reform and Development
Client: European Union (EU)
Duration: 1/11/2011 until 30/6/2012

- + Transboundary water management in the Balkans: status-quo assessment in the context of WFD-implementation (part of the project "Comparative study of pressures and measures in the major river basin management plans in the EU")
Client: European Commission, DG Environment
Duration: 30/11/2011 until 30/4/2012

- + The role of water pricing and water allocation in agriculture in delivering sustainable water use in Europe
Client: European Commission, DG Environment
Duration: 1/1/2011 until 31/12/2011

- + Capacity building for the water authorities in Bosnia-Herzegovina regarding the implementation of WFD-economics in the Neretva River Basin – focus: baseline scenario, selection of measures, using the ecosystem approach for the WFD
Client: World Wildlife Fund Mediterranean Policy Office (WWF-MedPO)
Duration: 1/1/2009 until 31/12/2009

- + EU Twinning Project: Capacity building and development of guidelines for the implementation of the WFD in Croatia, sub-component: implementing the economic aspects of the WFD – lead on the exemptions topic
Client: German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
Duration: 1/1/2007 until 31/12/2007

- + Preparing an economic analysis according to the WFD for the Neretva River Basin (Bosnia-Herzegovina part) – lead of the WG economics
Client: World Wildlife Fund Mediterranean Policy Office (WWF-MedPO)
Duration: 1/7/2007 until 1/12/2007

+ EU Twinning Project: Implementation of the Economic aspects of the Water Framework Directive in Slovenia
Client: German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
Duration: 1/6/2007 until 30/6/2008

+ Implementing the transboundary aspects of WFD-Economics in the Danube River Basin
Client: International Commission for the Protection of the Danube River (ICPDR)
Duration: 1/10/2007 until 30/11/2007

+ Using Economic Methods and Models for the Implementation of the EU - Water Framework Directive: Status, Options and Challenges for a better integration of water economic research into policy implementation
Client: European Commission/HarmoniCA-Project
Duration: 1/3/2007 until 31/7/2007

+ Supporting the economic dimension of a transboundary Sava River Basin Management Plan
Client: European Commission DG AIDCO, CARDS-project/SAFEGE
Duration: 1/2/2007 until 21/3/2007

Development and Testing of practical Guidelines for the Assessment of Environmental and Resource Costs and Benefits in the WFD (AQUAMONEY)
Client: European Commission, DG Research
Duration: 1/4/2006 until 31/3/2008

Water Framework Directive meets Common Agricultural Policy - Opportunities for the future (CAP & WFD)
Client: European Commission, DG Research
Duration: 1/4/2005 until 30/6/2006

The Case for Valuation Studies in the Water Framework Directive
Client: Scotland and Northern Ireland Forum for Environmental Research (SNIFFER)
Duration: 1/11/2004 until 31/5/2005

Cost-effective Sets of Measures in the Water Framework Directive
Client: German Federal Environment Agency (UBA)
Duration: 29/7/2002 until 30/11/2003

Environmental and Resource Costs in the Water Framework Directive: the Case of Germany
Client: German Federal Environment Agency (UBA)
Duration: 22/12/2003 until 30/9/2004

German Guidance Document for the Economic Analysis according to the Water Framework Directive
Client: German Federal Environment Agency (UBA)
Duration: 6/3/2002 until 28/2/2003

Economic Analysis according to the Water Framework Directive in Corfu, Greece
Client: Institute of Geology and Mineral Exploration (IGME); Hellenic Ministry of Environment (YPEHODE)
Duration: 1/12/2001 until 1/4/2002

The Scope of the Economic Analysis in the Water Framework Directive
Client: Scottish Environment Protection Agency (SEPA)
Duration: 30/1/2003 until 30/4/2003

Water Pricing and Consumption
Client: Ministry for the Environment, Agriculture, and Forestry of Hesse (MULF)
Duration: 15/8/2001 until 15/10/2001

Twinning Project: Implementation of the Water Framework Directive in Poland
Client: German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
Duration: 1/1/2004 until 1/8/2004

Economic Analysis according to the Water Framework Directive in the Danube River Basin
Client: United Nations Development Program (UNDP); Global Environment Facility (GEF); Danube Regional Project (DRP)
Duration: 31/1/2003 until 15/10/2003

C. Natural resource management policies, economic instruments and climate change adaptation

- + Facilitating EU's engagement in relevant environment diplomacy activities in G7/G20 (non-key expert)
Client: European Commission, DG Environment
Duration: 1/1/2024 until 31/12/2026 (ongoing)
- + Europe and Central Asia Regional Water Security Initiative: Development of an Assessment Methodology and preparation of Diagnostic reports
Client: World Bank
Duration: 15/4/2021 until 31/04/2024
- + Identifying and communicating the benefits of transboundary water cooperation in the North-Western Sahara Aquifer System
Client: UN Economic Commission for Europe (UNECE)
Duration: 1/6/2019 until 31/1/2020
- + "Screeningtool" Water Management - Development of methodologies to assess climate robustness and climate comparability of water management measures
Client: German Federal Environment Agency (UBA)
Duration: 1/9/2013 until 31/10/2018
- + Evaluation of the Preliminary Flood Risk Assessments and Flood Risk Management Plans in Germany
Client: German Federal Environment Agency (UBA)
Duration: 1/9/2013 until 31/3/2018
- + Strengthening Expertise and Research in the Design, Planning and Operations of Green Agrifood Supply Chains (FP7 European research project): evaluation of the research capacity and potential of the coordinator's organisation
Client: European Commission/Aristotle University of Thessaloniki
Duration: 1/10/2015 until 31/3/2016
- + International expert for the socio-economic assessment of basin-wide climate change impacts on water resources in the Lower Mekong Basin
Client: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)/ Mekong River Commission (MRC)
Duration: 1/1/2015 until 31/5/2015
- + Transboundary Flood Risk Management – Preparation and organization of an international workshop, March 2015, Geneva
Client: UN Economic Commission for Europe (UNECE)
Duration: 1/11/2014 until 31/3/2015
- + EC FLOODS: Member States Assessment of Flood Hazard and Flood Risk Maps
Client: European Commission, DG Environment
Duration: 1/10/2014 until 31/12/2014
- + Sharing of Best Practices on Integrated Coastal Zone Management (ICZM) in a Context of Adaptation to Climate Change in Coastal Areas
Client: European Commission, DG Environment
Duration: 1/1/2013 until 31/12/2014
- + Climate Adapt science/policy forum: workshops for the dissemination and exchange of adaptation-related knowledge to policy-makers – conceptual support and leading the workshop in Greece
Client: European Commission, DG Climate Action
Duration: 1/1/2014 until 31/12/2014
- + Analysis of the revision of the Annexes of the Groundwater Directive and its Impact Assessment
Client: European Commission, DG Environment
Duration: 1/1/2013 until 31/1/2014
- + Counting our gains: Sharing experiences on identifying, assessing and communicating the benefits of transboundary water cooperation – UNECE-Workshop, May 2014, Geneva (Supporting the workshop content development, facilitator and moderator)
Client: UN Economic Commission for Europe (UNECE)
Duration: 1/3/2014 until 30/6/2014
- + Pollution Prevention and Control - Preparing a policy insight report regarding the effectiveness of European and North American pollution control strategies and instruments. Part of a preparatory action programme for twinning with Chinese River Basins
Client: Stockholm International Water Institute (SIWI)
Duration: 1/12/2013 until 28/2/2014

- + Framework Contract: Preparatory action on climate in the Carpathian region – Framework contract for in-depth assessments of vulnerability of environmental resources and ecosystem-based adaptation measures
Client: European Commission, DG Environment
Duration: 1/12/2011 until 30/6/2013

- + Water Risk and Sustainability Assessment for the River Rwizi Catchment (Mbarara, Uganda)
Client: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)
Duration: 15/10/13 until 28/2/2014

- + Africa at meso-scale: Adaptive and integrated tools and strategies on natural resources management (AFROMAISON)
Client: European Commission, DG Research
Duration: 1/3/2011 until 28/2/2014

- + Policy-relevant assessment of socio-economic effects of droughts and floods (PREEMPT)
Client: European Commission, DG ECHO
Duration: 1/1/2011 until 31/12/2012

- + Enhancing the role of wetlands in IWRM (WETwin-project): the role of economic assessments and esp. of ecosystem services valuation
Client: European Commission, DG Research
Duration: 1/11/2009 until 31/10/2012

- + Scoping study on land pricing / taxes as an instrument to shape land use patterns in Europe
Client: European Environment Agency (EEA)
Duration: 1/1/2009 until 31/7/2009

- + Identifying to main EU-water policy implementation questions to which research inputs are urgently required
Client: European Commission / NeWater-project
Duration: 6/1/2008 until 31/10/2008

- + Supporting the Nile Basin Initiative (NBI) / World Bank Institute (WBI) seminars as mediator / facilitator, lead of various sessions (e.g. "Water and Economics", "Water and Institutions")
Client: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), Nile Basin Initiative (NBI)
Duration: 9/2005 (Zaragoza, Spain), 5/2006 (Kampala, Uganda), 11/2006 and 6/2007 (Addis Ababa, Ethiopia)

- The adequacy of EU action on flood protection, focusing on the Commission's recent proposal – policy briefing
Client: European Parliament (EP)
Duration: 6/1/2006 until 1/4/2006

- Effluent Charging Systems in the EU Member States
Sponsor: European Parliament (EP)
Duration: 26/5/2000 until 15/3/2001

- Environmentally harmful subsidies in the water sector
Client: Organisation for Economic Co-operation and Development (OECD)
Duration: 1/12/2002 until 30/11/2003

- Tradable Permits in Water Management
Client: Organisation for Economic Co-operation and Development (OECD)
Duration: 23/2/2001 until 15/11/2001

- Economic Evaluation of Flood Management Measures (in support of the extended Impact Assessment for the Flood Risk Management)
Client: European Commission, DG Environment
Duration: 1/3/2005 until 4/3/2005

- Economic Assessment of Soil Deterioration
Client: European Commission
Duration: 1/9/2003 until 30/4/2004

- Subsidies, Taxes and Charges in European Transport
Client: European Environment Agency (EEA)
Duration: 23/8/2005 until 31/12/2005

- Economics of Groundwater Protection (in support of the extended Impact Assessment for the Groundwater Daughter Directive)
Client: European Commission, DG Environment
Duration: 19/9/2002 until 30/3/2003

The use of economic instruments in resource and waste management
Client: European Environment Agency (EEA)
Duration: 26/5/2005 until 31/12/2005

Trade in Sustainable Forest Products
Client: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)
Duration: 20/2/2001 until 9/4/2001

Options for a Financial Mechanism under the Kyoto Protocol
Client: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)
Duration: 1/6/2001 until 30/6/2001

The Role of Tradable Permits in Water Pollution Control
Client: Inter-American Development Bank (IADB)
Duration: 1/10/2003 until 31/12/2003

Social Aspects of Water Pricing
Client: Organisation for Economic Co-operation and Development (OECD)
Duration: 1/5/2002 until 31/3/2003

Effluent Charging Systems in the EU Member States
Client: European Parliament (EP)
Duration: 26/5/2000 until 15/3/2001

NeWater - New approaches to adaptive water management under uncertainty
Client: European Commission, DG Research
Duration: 1/1/2005 until 31/12/2008

D. Institutional aspects of environmental management

+ Governing risk society: Increasing local adaptive capacity by planning and learning networks (GOVRISK)
Client: The Research Council of Norway
Duration: 1/5/2014 until 30/6/2018

+ Feasibility study at the regional/international level on the development of a regional observation mechanism for water in the Med region
Client: European Commission / the Euro-Mediterranean Information System on know how in the water Sector (EMWIS)
Duration: 1/9/2006 until 31/12/2006

The Mediterranean Action Plan and the Euro-Mediterranean Partnership: Analysis and Recommendations on Improving Co-operation
Client: United Nation Environment Programme / Mediterranean Action Plan (UNEP/MAP)
Duration: 1/2/2002 until 30/6/2002

Applying EU Environmental Legislation to the Field of Marine Protection
Client: European Commission, Bellagio Forum for Sustainable Development (BFSD)
Duration: 1/11/2001 until 31/10/2003

Integrated Water Resources Management: Course for North Africa
Client: InWent - Capacity Building International, Germany
Duration: 18/10/2005 until 3/12/2005

Public Participation in Integrated Dniester River Basin Management: NGO capacity building in Moldova
Client: European Commission, DG Environment
Duration: 1/11/2005 until 30/10/2006

Impacts of IMF and World Bank Structural Adjustment Programs on Sustainable Development
Client: German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
Duration: 1/9/2001 until 1/2/2002

Development of the Transboundary Sava River Basin Management Plan – Pilot Project
Client: United Nations Development Program (UNDP); Global Environment Facility (GEF); Danube Regional Project (DRP)
Duration: 1/11/2005 until 28/2/2007

Performance Indicators and Benchmarking Systems
Client: German Federal Environment Agency (UBA)
Duration: 8/3/2001 until 30/9/2001

Water Liberalisation Scenarios (EUROMARKET)
Client: European Commission
Duration: 1/1/2003 until 31/12/2005

Environmental Aspects of Privatising Water Services in Germany
Client: German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
Duration: 20/10/2000 until 1/12/2000
